FOUNDED

in 1972.

Rattan is a company dedicated to the design, manufacturing and commercialization of high-end furniture made of rattan, wicker, and wood.

Our portfolio includes an extensive line of outdoor furniture made with aluminum frames and woven with synthetic wicker, synthetic ropes, among other materials. We specialize in producing furniture specifically designed for hotels and restaurants, meeting precise design and dimensional requirements.

It is important to highlight that our entire design and manufacturing process is carried out in-house at our facilities located in México. By maintaining full control over each stage of production, we ensure that every piece reflects the craftsmanship, care, and quality that define our brand.

Constant
innovation,
limitless design.
Every detail
matters

At Rattan, we strive to
create not just furniture, but
lasting experiences.

Our mission is to bring the
quality and charm of
Mexican craftsmanship to
every corner of the world,
one piece of furniture at a
time.
